

**The Brough Voluntary Action group are looking for new volunteer drivers
in the local area.**

We are a local group of volunteer drivers whose aim is to provide practical, mainly driving, support in the local community. Our service assists clients from Welton, Melton, Elloughton, Brough, North and South Cave and the surrounding villages. The transport we provide is mainly for elderly or infirm people in the local area. We take clients to the local surgery or for hospital and other medical appointments as well as taking people to the local shops – often on a weekly basis.

We are constantly looking for new volunteer car drivers. If you have a little time to spare, would you help us to maintain this important community service? If you hold a full driving licence and full comprehensive motor insurance maybe YOU would consider being involved with BVA.

If you are interested and feel that you could help with this much appreciated volunteer service please contact us on 01482 667271 for more information and we will be pleased to answer your queries and give you further information. Our office is manned Monday to Friday 9.30am – 12 noon and we would be happy to discuss what is involved.

Thank you!
